To Whom It May Concern

Hello, I am Mujeen Sung, a postdoctoral researcher at Korea University. I have had the pleasure of working alongside Mr. Ngoc Quang Nguyen as a colleague for four years, from 2020 to 2024. He is the most diligent and passionate researcher I have encountered. His enthusiasm for discussing his research and actively seeking feedback to enhance the impact of his work is truly remarkable. Mr. Nguyen consistently completes and publishes research projects in top-tier journals, such as 'Briefings in Bioinformatics (IF: 13.99)' and 'Bioinformatics (IF: 6.93)', setting a high standard for our lab members.

His friendly and approachable nature has enabled him to work harmoniously in our lab. I am confident that his ability to collaborate effectively with a wide range of colleagues is a crucial attribute of great researchers. Mr. Nguyen would undoubtedly be a valuable addition to any team.

Should you require any further information to support Mr. Nguyen's application, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink that reads 'Sung Mujeen'.
